

**Find out more at our meeting with the Skills Service, Peterborough
on Monday, 7th September at 2pm – 3pm
with Jacqui Farrell, The Skills Service as Guest Speaker**

The Skills Service is about to launch a brand new ‘Inspire Series’ project for schools which focuses on the ‘Future Workforce’ and which aims to empower young people at a time when they are facing some tough challenges.

Would you be interested in using your volunteering hours as a STEM Ambassador to help with some exciting projects in the coming months:

Future Workforce – Inspire Careers – inspire young people by providing virtual workplace tours, case studies, career options, virtual ‘Meet the Professional’ videos and lots more.

Digital Innovation – Inspire Your City Open to both Primary and Secondary students aged 7-18. Individual entrants will be put forward to a quarterly judging panel – would you like to be involved?

Sustainability/Circular Economy – Inspire Sustainability The main Challenge will be a ‘Solve the Problem’ activity using situations from real businesses, who will pitch their problem relating to efficiency, sustainability or the environment to students who will have to choose which business they would like to support

Automation/Robotics – Inspire Technology - a Resource Pack for schools which focuses on automation and robotics. There are various activities which can be used as the foundation of a lesson plan.

The Arts - Inspire Creativity An exciting opportunity which will link Innovation, English, Music and Performing Arts together in a fun way.

IF YOU WOULD LIKE TO JOIN THIS SESSION PLEASE REGISTER YOUR ATTENDANCE USING THIS LINK:
